

Spartan Completion & Emergency Funds

Sometimes, unexpected financial challenges arise that students aren't prepared to handle. At Michigan State, we recognize how these difficulties can affect both wellbeing and academics. This centralized application brings together resources across campus to help students facing financial hardship related to educational-related expenses, essential needs concerns, unexpected/unforeseen health challenges, and more. It is important to note that this application should be used for unexpected, emergency, urgent financial situations and/or barriers to future enrollment or graduation – it is not intended to provide ongoing relief of recurring/routine expenses or as a consistent supplement for educational expenses. NOTICE: Applying for this emergency award may affect your financial aid package. Every application submitted will be reviewed by the MSU Office of Financial Aid to see how much additional funding you are able to accept from MSU – based on your individual student need, a representative may need to reach out to review.
